

## 創立の概要

昭和32年11月の中央教育審議会第14回答申にもとづき、同36年6月学校教育法の一部改正により37年度から高等専門学校設置の法令が公布された。昭和36年7月高知県は、吉田茂元首相を会長にして、国立高等専門学校期成同盟会を東京に結成したが、初年度の開設に至らず、県当局の斡旋により、翌年度国立移管の含みをもって、昭和37年度に高知学園内で私立高知工業高等専門学校を発足させた。入学定員は機械工学、電気工学及び化学工学の3学科に各45名とした。

### Outline of the establishment:

In June 1961, partial revision of School Education Act in accordance with the 14th recommendation (November 1957) by the Central Council for Education prescribed establishment of national technical colleges in the following year. In July 1961, Kochi Prefecture formed an association in Tokyo for promoting National Institute of Technology colleges(KOSEN) establishment in Kochi headed by former prime minister Shigeru Yoshida. Although the wish was not realized in the first year, the association established private Kochi Technical College as a part of Kochi Gakuen educational institutions, with implication of transferring it into the national one in the following year by the effort of the prefecture. The number of students to be admitted was 45 each for the three departments: Mechanical Engineering, Electrical Engineering, and Chemical Engineering.

西暦 Year	年月日 Date	管理・運営 Administration	施設 Facilities
1963年	昭和38年 3月31日	<b>私立高知工業高等専門学校第1学年在学生の本校への転入学決定</b> All the 1st-year students of Kochi Technical College (private) were determined to be transferred to the newly established Kochi National College of Technology.	
	4月1日	<b>国立高知工業高等専門学校開設（高知市旭天神町元私立高知工業高等専門学校を仮校舎とする）学科は機械工学科、電気工学科及び工業化学科</b> Kochi National College of Technology established, temporarily using the school building of former Kochi Technical College (private) in Asahi-tenjincho, Kochi City, with the departments of Mechanical Engineering, Electrical Engineering, and Industrial Chemistry.	
1964年	昭和39年 2月15日	<b>校章制定</b> College emblem determined.	
	3月31日		<b>校舎新築第1期（電気工学科棟・工業化学科棟・機械工場）、学寮（2号館西半分）第1期</b> The first phase of main buildings (Department of Electrical Engineering Wing, Department of Industrial Chemistry Wing, and Mechanical Workshop) and student dormitory (the western half of Student Dormitory No.2) construction completed.
	4月1日	<b>仮校舎から本校舎（南国市物部）に移転</b> Moved from the temporary campus to the newly built one in Monobe, Nankoku City.	
1965年	昭和40年 1月15日		<b>学寮新築第2期（2号館東半分・1号館）</b> The second phase of student dormitories (the eastern half of dormitory for lower-class students, and one for upper-class students) construction completed.
	3月6日	<b>寄宿舎を“切正寮（せっせいりょう）”と命名</b> Named the student dormitory "Sessei-ryo."	
	3月25日		<b>校舎新築第2期（一般管理棟・機械工学科棟・体育館）</b> The second phase of main buildings (General Administration Wing, Department of Mechanical Engineering Wing, and Gymnasium) construction completed.
	12月27日		<b>運動場整備</b> New athletic ground built.
